Solutions to improve the quality of life

# SLEEPY TIME BUNNY ALARM CLOCK

## OPERATING INSTRUCTIONS AND GUARANTEE

Welcome to becoming Sleepy Time Bunny's new keeper and friend.

Sleepy Time Bunny is special because he loves to sleep near to you and knows when it's time to wake up. So if you wake up early in the morning and Sleepy Time Bunny is still sleeping, you know that it is still night time, without needing to tell the time. Also, Sleepy Time Bunny can enjoy the occasional sleep in the day, waking when it's time to do something special.

Sleepy Time Bunny wakes with or without sounding an alarm. The alarm is useful if you want Sleepy Time Bunny to wake you - for school perhaps.

Looking after Sleepy Time Bunny will need help from an adult. In particular, make sure that an adult reads these instructions carefully.

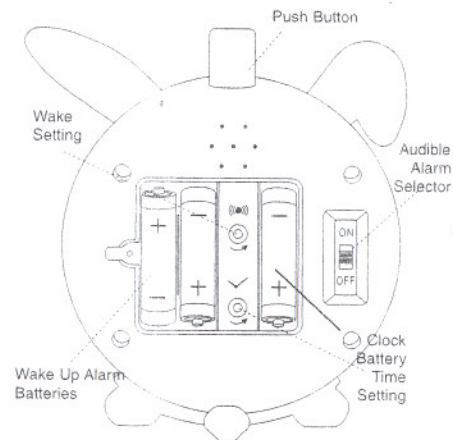

If you treat Sleepy Time Bunny gently he will be a good friend. We have found that Sleepy Time Bunny hates falling on the ground, taking part in physical games, playing in the bath, being fed with liquids or solids, living in hot, cold or damp places.

## SLEEPY TIME BUNNY INSTRUCTIONS

### How to operate your clock

- 1 Remove the back cover and insert 3 AA batteries.
- 2 Set your clock to the correct time.
- 3 If you know what time you want, set the wake up feature, you can set this at the same time.
- 4 Replace the back cover.
- 5 Alarm sound switch. You can choose an audible sound or No sound with this feature.
- 6 Once you have selected the wake up time, press the big button on top of the clock until your Bunny is asleep. (Please remember your clock is a 12 hour clock. If you set your clock to wake up at 7am, don't set it until after 7pm).
- 7 When your Bunny wakes up, your child knows it's OK to get up and out of bed. If you have chosen to use the audible alarm feature, tap the big button once to turn the alarm sound off.
- 8 To reset the alarm for the next day, simply press the big button once if you have used the audible alarm, or twice if the silent feature was selected. Please note - separate batteries are used for the clock & wake-up alarm functions. If the batteries become exhausted, it is possible for one function only to stop working. If the wake-up function stops working, but the clock function and audible alarm are still working, then please replace the batteries for the wake-up function only. If the clock function stops working, then please replace the clock battery only.

## GUIDELINES FOR USE OF BATTERIES AND BATTERY OPERATED ITEMS

- Never attempt to recharge non-rechargeable batteries.
- Rechargeable batteries are to be removed from this product before being charged.
- Rechargeable batteries are only to be charged under adult supervision.
- To avoid leakage, remove batteries when exhausted or if the product will not be used for a long period of time.
- Never short circuit the supply terminals.
- Never mix new and old batteries.
- Use only batteries of the same type or equivalent type eg. Alkaline
- Batteries must be inserted with the correct polarity.

### GUARANTEE DETAILS

If Sleepy Time Bunny proves defective due to improper materials or workmanship within 12 months from the date of purchase, return the product with evidence of the place and date of purchase such as the sales receipt, together with your name, address, postcode and telephone number (in BLOCK CAPITALS). We guarantee to replace all defective parts free of charge or at our discretion replace the unit free of charge provided that:

- 1 The product is returned to Spearmark International Ltd. with evidence of the place and date of purchase.
- 2 The product has not been damaged as a result of improper use or accidental breakage.
- 3 There is no evidence of attempted repairs or modifications other than by Spearmark International Ltd. or its agents.
- 4 Normal wear and defects which have a negligible effect on the value or operation of the product are excluded from the guarantee.

This guarantee is offered as an extra benefit and is additional to your rights under statutory law.

### REPAIRS OUTSIDE GUARANTEE

We will be pleased to repair your Sleepy Time Bunny for a small standard charge which can be confirmed by telephoning our HELPLINE NUMBER. Then return your Sleepy Time Bunny enclosing a cheque or postal order for the amount before we carry out the repairs. Address for returning Sleepy Time Bunny:

Spearmark International Ltd. Howard Road  
Eaton Socon St. Neots Cambridgeshire PE19 8GA
