Libra+ telephone ringer D936

Be alerted to the telephone – when the telephone rings a radio signal is sent to the Libra+ doorchime, which sounds/flashes to alert you.

A particularly useful addition to the Libra+ range is this telephone ringer & BT socket adaptor. The telephone ringer connects to a standard BT telephone socket and the included dual adaptor allows both the Libra+ telephone ringer unit and a telephone to use the same socket. Although not included as standard by Friedland, Connevens are including a UK telephone socket & RJ11 socket dual adaptor as without one it is tricky to use!
Requires 1 x CR2032 battery – supplied. Size: 90 x 35 x 19mm.

Libra+ D936 and dual adaptor as a pack *(Please note Libra+ doorchime not included!)*

42FD936P

Qty 1-9 £ 37.65 each

Qty 10-19 £ 33.87 each

Qty 20+ £ 32.93 each

Have you considered a multi-purpose indicator?

Would you like your doorbell to alert you to the telephone as well as a visitor at the door?

We have a range of products listed as Telephone Ring Indicators in section 10, Telecommunications which also come with wireless door bell pushes to give them both telephone & doorbell alert.

Full details of these products and a comparison chart, can be found on pages 199-201.

SPECIAL DISCOUNT for catalogue sections 7-12
