

## Connevens range of direct input leads

Some hearing aids have a 'direct input' facility which is simply some form of socket or connecting plate which will allow a plug or other connector to feed sound directly into the hearing aid.

### WHICH END IS WHICH?

**Europlug** – 3 pins (the 2 outer pins are of different diameters and have a locating ring, the middle pin is slightly longer) this end fits into the hearing aid shoe.

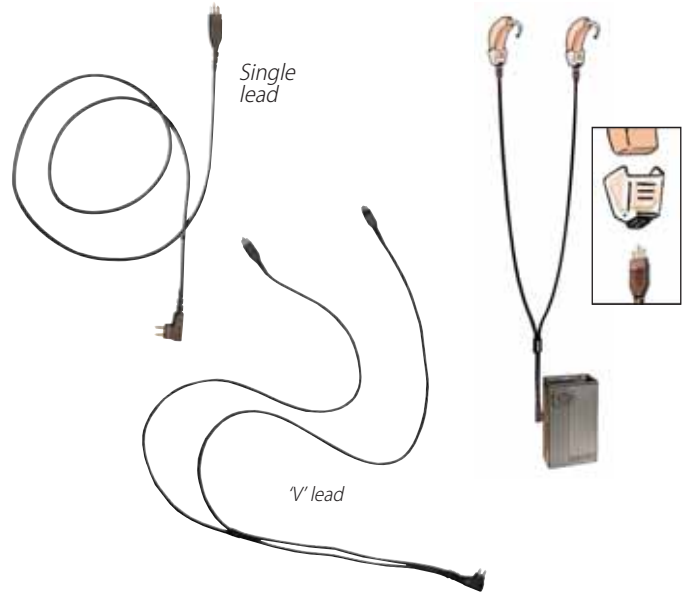

**2 pin right-angle non-polarised (N.P.)** this end plugs into the radio aid receiver.

The Connevens CRM-220 direct input leads have a 'personal stereo' look about them and with the extended selection of lengths they can be worn up the back if wished.

The 'V' lead has a small slider midway along the lead which can be moved by slightly 'wetting it'.

The correct choice of length is important for comfort – if in doubt there is no substitute for getting out a tape measure.

## 2 pin N.P. to Europlug leads

CRM-220 – Black single direct input lead (1 aid)				
Length	Part No	Price each		
		Qty 1-9	Qty 10-19	Qty 20+
300 mm	DS300	£ 8.81	£ 7.93	£ 7.49
400 mm	DS400	£ 8.91	£ 8.02	£ 7.57
500 mm	DS500	£ 9.01	£ 8.11	£ 7.66
600 mm	DS600	£ 9.12	£ 8.20	£ 7.75
700 mm	DS700	£ 9.22	£ 8.30	£ 7.84
800 mm	DS800	£ 9.32	£ 8.39	£ 7.92
900 mm	DS900	£ 9.42	£ 8.48	£ 8.01
1 m	DS1M	£ 9.53	£ 8.57	£ 8.10

CRM-220 – Black 'V' direct input lead (2 aids)				
Length	Part No	Price each		
		Qty 1-9	Qty 10-19	Qty 20+
300 mm	DV300	£ 16.38	£ 14.74	£ 13.92
400 mm	DV400	£ 16.58	£ 14.92	£ 14.10
500 mm	DV500	£ 16.79	£ 15.11	£ 14.27
600 mm	DV600	£ 17.00	£ 15.30	£ 14.45
700 mm	DV700	£ 17.20	£ 15.48	£ 14.62
800 mm	DV800	£ 17.41	£ 15.67	£ 14.80
900 mm	DV900	£ 17.61	£ 15.85	£ 14.97
1 m	DV1M	£ 17.82	£ 16.04	£ 15.15

## Direct input leads with inline RF interference filters for digital hearing aids

It is now a proven and accepted problem that some digital hearing aids can cause interference on all personal fm radio aid systems. Connevens have designed inline RF filters enabling us to offer a range of CRM-220 direct input leads which will reduce problems of occasional noise interference from digital hearing aids.

The word 'reduce' is very intentional as due to the nature of the interference we are unable to eliminate it. The effectiveness will vary for different hearing aids so our suggestion is to give them a try, they will not make interference worse.

## CRM-220 to Europlug leads with inline filter

CRM-220 – Black single direct input lead with inline RF filter (1 aid)				
Length	Part No	Price each		
		Qty 1-9	Qty 10-19	Qty 20+
400 mm	DFS400	£ 12.68	£ 11.41	£ 10.78
