

ZoomLink Transmitter

The ZoomLink is effectively a SmartLink without the Bluetooth facility and hearing aid remote control but with an integral lavalier neck strap.

The ZoomLink has the same three microphone options as the SmartLink: Omni, Zoom and SuperZoom². Like the SmartLink, the microphone options are chosen by the buttons on the front.

ZoomLink transmitter set

Consists of: ZoomLink transmitter with fixed lavalier cord/antenna, carry case, aux input lead, bottom adaptor, power supply/charger & instruction booklet.

Size: 35 x 20 x 100mm approx.

Weight: 56g inc. battery but exc. bottom adaptor.

3PZOOM £ 484.00 each

Integrated high quality microphone

Lavalier cord with integrated aerial

FM microphone settings: Omni, Zoom, SuperZoom²

Pen push for frequency change

Bottom adaptor with connections for:

aux input

charge socket

external microphone

FM ON/OFF switch

EasyLink Transmitter

The EasyLink is an fm transmitter with just one button operation providing an extremely easy to use unit – a simplified ZoomLink mainly aimed at the domestic market.

The Microphone characteristic is preset and, as standard, is set equivalent to the ZoomLink mid 'zoom' position but can be reset by programming

EasyLink transmitter set

Consists of: EasyLink transmitter with fixed lavalier cord/antenna, carry case, aux input lead, bottom adaptor, power supply/charger & instruction booklet.
